Partners in Education 2017-2018

Partners in Education

Local Businesses and Service Organizations have a vested interest in the community, including the local schools. The purpose of this partnership is to reinforce the 3 R's of Education: 1) Rigor, 2) Relevance and 3) Relationships. It is important for our school to build relationships with local businesses and service organizations for a variety of reasons. We believe that the message that comes from these groups are relevant and provide real world examples for our students.

Responsibilities

- 1) Provide insight and input being a part of the partner in education advisory council meetings held monthly.
- 2) Organize and Participate in the Career Fair.
- 3) Provide stakeholder input on the PHS Strategic Plan.
